

# Payment Types

Last Modified on 06/23/2022 12:19 pm PDT

We support credit card transactions from all four major card brands; Visa, MasterCard, Discover, and American Express. We also support level 2 and level 3 purchasing cards. Check cards or debit cards with either a Visa or MasterCard logo are supported and treated as credit cards.

All our accounts are automatically set up to accept Visa, MasterCard, and Discover. If you would like to add or remove American Express, please [contact our customer support team](#).

We do not support private label or procurement credit cards (such as department store credit cards).

Your customers can use Google Pay, provided that your merchant account is enabled for the card type presented in the digital wallet.

We also support [ACH payments](#). If you would like to add or remove ACH payments, please [contact our customer support team](#).
