

Billing Cycles

Last Modified on 06/28/2022 1:53 pm PDT

Billing cycles are determined by the last business day of a month to the last business day of the following month. For example, in the table below, the first billing month of 2022 runs from December 31, 2021, to January 30, 2022. Billing cycle "months" can have more or fewer days than calendar months.

Any transactions processed after the cutoff time (9 pm PT) on the last billing day of the month are included in the following month's billing cycle.
