

Dashboard Items Available

Last Modified on 06/28/2022 11:49 am PDT

Log in to **Merchant Manager** and view the **Dashboard**.

The available items on the dashboard are the [daily transaction charts](#) and [favorite reports](#).

All administrators assigned when an account is opened will have full access to all items on the dashboard. Users created by the account administrator may have fewer items on their dashboard based on their choice.
